

MIMA Radiology Appointment Request

Please fax this completed form to MIMA Radiology Scheduling at 728-9838. It would be helpful to the interpreting Radiologist if the patient's clinical history could also be sent over by fax. If you have any questions, or if you would like to schedule a patient by phone, then please call 725-4500 Ext. 7880 or Ext. 7529. For more information, please see our website at MIMARadiology.com.

Ordering Physician: _____ NPI# _____

Office Telephone: _____ Fax# _____

Patient's Name: _____ DOB: _____

Address: _____

Home Phone: _____ Cell: _____ Work: _____

Comparison Images Available: YES NO

Location of Comparison Images: _____

*****Please note that MIMA Radiology requires all patients 40 and older to have a serum creatinine (within last 30 days) prior to receiving a contrast injection for CT or MRI.*****

Date of Serum Creatinine: _____ Lab Results: __

MIMA Radiology Scheduling Guidelines

To schedule a patient appointment, please complete the “MIMA Radiology Appointment Request” in full and fax it to Radiology Scheduling at 728-9838 or you may call Radiology Scheduling directly at 725-4500 Ext. 7880 or Ext. 7529 for assistance.

- It would be helpful to the interpreting Radiologist if the patient’s clinical history could also be sent over by fax.
- Please note that general x-rays (chest x-ray for example) are not scheduled, but are handled on a “walk in” basis. Please provide your patient with an order for the required x-ray and have them report to one of our convenient locations.

- Diagnostic Radiology
- MRI – Siemens Espree 1 .5T High Field OPEN Magnet
- CT (Including Cardiac CT) – 64 Slice GE VCT/XT
- Nuclear Medicine – GE Millennium MG Camera
- Ultrasound – Philips iU22 System

Once Radiology Scheduling has contacted the patient and set up the appointment, the “MIMA Radiology Appointment Confirmation” slip will be faxed back to the referring physician’s office. If we are unable to reach the patient, we will advise the office of this as well.

- The final report will be faxed and mailed to the referring physician’s office. All critical findings will be called to the physician directly.
- Additionally, the referring physician will be able to view the patient’s images in the MIMA Radiology PACS. If assistance is needed with PACS, please contact Myron Taylor at 725-4500 Ext. 7340.
- If your patient needs to take their images to another physician, the patient may pick up an image CD at the MIMA Radiology / Gateway location. Please call ahead of time to request this service at 725-4500 Ext. 7196. The Radiology department requires a 48-hour notice for all CD requests.
- If you need to speak with a MIMA Radiologist (Dr. Miller, Dr. Paige, or Dr. Pearse), please call 725-4500 Ext. 7286.
- If you need to speak with the Radiology/Cardiology Director (Jennifer Baden), please call 725-4500 Ext. 7153.
